Full Stack Web Developer

Passionate full stack web developer in MERN Stack with a strong customer service and sales background. Certificate holder in Full Stack Web Development from Northwestern University Coding Boot Camp, further enhancing my skills in this field. Beyond Web Development, I have a strong interest in Video Game Development. I actively pursue my interests through creating video projects on YouTube using Davinci Resolve for editing. In my free time, I indulge in building computers from scratch, refining my technical expertise and problem-solving abilities. Combining my technical skills, customer service experience, and genuine passion for technology, I contribute to innovative web development projects and deliver exceptional user experiences.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, jQuery, Node.js, MySQL (Sequelize), SQL, NoSQL(MongoDB)

Applications: Bootstrap, Progressive Web Apps, React.js, Express.js, Inquirer.js, Jest, GraphQL/Apollo, Command Line, Git, Handlebars, GitHub, Heroku,
